PROFESSIONAL SUMMARY

Final-year B.E. Computer Science student with hands-on experience in full-stack development using JavaScript and the MERN stack, with knowledge of Python fundamentals. Skilled in building REST APIs, working with NoSQL databases, and using Git for version control. Eager to contribute to software development and application support in a collaborative team.

TECHNICAL SKILLS

Languages: Python, JavaScript

Frontend: HTML, CSS, React.js, Bootstrap

Backend: Node.js, Express.js, REST APIs

Databases: MongoDB

Tools: Git, GitHub (version control), Postman (API testing)

Strengths: Problem solving, teamwork, adaptability, continuous learning

INTERNSHIPS

MERN Stack Developer – WilTech Solutions, Madurai

01 Jun 2026 – 30 Jun 2026

- Developed responsive full-stack web applications using MongoDB, Express.js, React.js and Node.js.
- Built and tested RESTful APIs and implemented user authentication features.
- Debugged application issues and used Git for version control while contributing to real-world development projects.

Python Full Stack Intern – U.N.I.Q Technology, Chennai

17 Jun 2025 – 18 Jul 2025

- Developed mini web applications using Python for the backend, with frontend integration.
- Worked with databases to store and retrieve application data, and applied core software development life cycle (SDLC) practices.

PROJECTS

Real-Time Chat Platform | MERN Stack | github.com/sathyapriyat06-code/chat_app.git

- Built a real-time communication platform with authentication, messaging, team management and file sharing.
- Designed scalable REST APIs and optimized MongoDB queries for better performance.
- Developed a responsive dark-themed UI with React.js.

Instagram Clone | React.js | github.com/sathyapriyat06-code/Clonewebsite_Instagram.git

- Built a responsive social media interface with posts, profiles, likes and comments using reusable React components.
- Designed a user-friendly interface with responsive layouts for different screen sizes.

EDUCATION

NPR College of Engineering and Technology

CGPA: 8.9

2023 – 2027

B.E. Computer Science and Engineering

St. Joseph's Girls Higher Secondary School

86%

2022 – 2023

HSC (Computer Science)

ACHIEVEMENTS & CERTIFICATIONS

- Participated in the KPR Institute Hackathon and Smart India Hackathon (SIH), building teamwork and problem-solving skills.
- Led an 8-member team for a UiPath webinar at PSNA College of Engineering and Technology.
- Git and GitHub Completion Certificate – VEI Technology.
- UiPath Program Participation Certificate – PSNA College of Engineering and Technology.
